Modern Electron R&D Summer Internship: Looking for graduate student interns in physical sciences and engineering with a passion for energy technology and ready to work collaboratively on team-based technology development projects. Learn more [here](#) Apply [here](#) If you are interested in a full time position, check out open roles [here](#)

GRANTS

Chemistry-Biology Interface Training (CBIT) Grant: Due Nov 6. All eligible second-year graduate students with an interest in chemistry and biology to apply, especially students from traditionally under-represented groups. See attachment. Nomination forms [here](#) Questions? Contact Cara Jenkins (clbradfo@wisc.edu)

FELLOWSHIPS

American Association for the Advancement of Science (AAAS) Mass Media Science & Engineering Fellows Program: Apply by Jan 15. This highly competitive program strengthens the connections between scientists and journalists by placing advanced undergraduate, graduate, and post-graduate level scientists, engineers and mathematicians at media organizations nationwide. Fellows use their academic training in the sciences as they research, write and report today's headlines, sharpening their abilities to communicate complex scientific issues to non-specialists. Apply [here](#)

AFRL Scholars Program Administration: Apply by Jan 16. The AFRL Scholars Program is a unique opportunity for students in STEM looking to gain valuable hands-on experience and contribute to research-based projects.

ACS Public Policy Fellowship: Apply by Jan 15. Program is designed to provide a unique opportunity for ACS members to gain practical experience and insights into public policy by working in Washington, D.C. for Congress or ACS.

CONTESTS

Three-Minute Thesis Competition: Register by Nov 18. Competitors share their research in 3 minutes and one PDF slide. Cash prizes will be awarded to the top three speakers based on comprehension, creativity, and engagement. Register [here](#).

SEMINARS/WORKSHOPS

Communicating Science in the 21st Century: Fri, Nov 3, 2:00pm-5:30pm, DeLuca Forum in Discovery Building. Master effective communication and dissemination through varied media such as story, blogging, and broadcast.

Careers in Intellectual Property and Patent Law (iPIB Alumni): Wed, Nov 8, 1:00pm-2:00pm, Rm 1220 Biochemical Sciences Building. Event caters to anyone interested in participating at a patent agency or law firm in fields within the life sciences. See attachment. RSVP [here](#). Contact Eddie (erashan@wisc.edu) or Dana (dahhan@wisc.edu) if you have questions.

Optimizing Your LinkedIn Profile: Tues, Nov 14, 4:00pm-5:30pm (presentations) 5:30-6:00pm (headshots), Varsity Hall III in Union South. Learn to optimize your LinkedIn profile and grow your professional network strategically. Register [here](#)

Building Your Networking Confidence: Thur, Nov 30, 2:30pm-4:00pm, Union South (TITU). More than simply schmoozing, networking develops your relationships with peers and colleagues for long-term success. Learn and practice a variety of techniques and strategies for meaningful networking, and how to play to your personal and professional strengths. Register [here](#)

Live Q&A: Reluctant to Talk to your Mentor about Your Research?: Mon, Nov 16, 12:00pm-1:00pm, online event. Expert panelists will address the common challenges that trainees face when talking to their mentors about their science and how to overcome them. Access link [here](#)
