

CHEMISTRY CAREER NEWSLETTER (07/10/17)

CAMPUS INTERVIEWS

AbbVie Information Session: Monday, July 24, 9 - 10 am in room 9341. Sign up in BuckyNet under "events".

AbbVie OCR: Monday, July 24, 10:30 am - 5 pm in room 1108. Submit your resume, research summary, and cover letter in BuckyNet by July 16 at midnight. Drs. Chris Marvin and Al Kruger will conduct team interviews with selected candidates. See attachment.

SEMINARS/WORKSHOPS

Career Seminar: Getting a Job at a PUI: Wed, July 12, 9:30 am in room 9341 (breakfast provided at 9:15 am). Spring Knapp (postdoc Landis) will discuss her 2 postdoc experiences (teaching and research), her job search for a PUI faculty position, and her first year at the College of Wooster. If you have interest in teaching at principally undergraduate institution (PUI), Spring can provide insight and advice. See attachment.

Creating Your Individual Development Plan (IDP): Thurs, July 13, 10:00-11:30am, 159 Wisconsin Idea Room, Education Building. This workshop will help you define achievable goals, identify resources, and develop strategies for implementing and sustaining your plans. Participants will have the opportunity to discuss the IDP process with peers and hear from a current grad student who's successfully using an IDP. Register here: <http://go.wisc.edu/1pgm6m>

Career Fair: Tues, Sept 19, 4-8 pm, Kohl Center. See attachment. Information also available in BuckyNet.

MACTLAC 2017 Conference: Oct 13-14, Monmouth College, IL. Midwestern Association of Chemistry Teachers in Liberal Arts Colleges (MACTLAC) brings together teachers of chemistry in the liberal arts colleges of the North Central region of the United States (Midwest) for exchange of ideas and for general mutual helpfulness in their profession. The group also welcomes those who are interested in teaching chemistry at a liberal arts institution. See <http://campus.albion.edu/mactlac/> for the tentative program. Contact Brad Sturgeon with questions 309-457-2368 or besturgeon@monm.edu
